November 20, 2012

Marsha Wallace  
Founder and President  
Dining for Women  
415 W. Washington Street  
Greenville, SC 29601

Dear Marsha,

We are pleased to report on how far your generous donations have gone to help the girls freed from the terrible practice of Kamlari to not only regain their dignity but to take huge strides towards self-sufficiency and financial independence.

NYF received your $47,177.49 contribution on May 25, 2012 and distributed it as follows:

- $24,400 to train 18 Freed Kamlari Development Forum members (FKDF)
- $17,143 to train 20 young women as seamstresses/COOP owners
- $4,177 to pay monthly tuition for 140 freed Kamlari girls in grades 9 and 10
- $1,457.49 to produce and mail DVD’s to DFW chapters

In addition to our narrative report of results for the first six months of the project, you will find financial statements for the first quarter of fiscal year 2012-2013 and audited financial statements for fiscal year 2010-2011.

In May, NYF celebrated 22 years of serving the neediest children in Nepal and the 87th birthday of our founder Olga Murray. In September, we learned that NYF earned our sixth consecutive 4-star rating from Charity Navigator. This is the highest possible rating and only 3 percent of charities evaluated earn six consecutive 4-star ratings. NYF’s high ranking indicates our exceptionally efficient use of the donations that you, our supporters, contribute.

NYF has undergone some notable organizational changes in 2011-2012. Som Paneru succeeded Olga Murray as President as of July 1, 2012, while Olga herself remains on the Board of Directors and holds the post of Honorary President. Som joined NYF in 1995 as a program officer and has been Executive Director in Nepal for many years.

The generous support of Dining for Women has given many young women the educational and vocational opportunities to rebuild their lives.

Warm Regards,

Teresa Parker  
Development Director
