## DINING FOR WOMEN IS...

Dining for Women is the world's largest educational giving circle dedicated to transforming lives and eradicating poverty among women and girls in the developing world. Through member education and engagement, as well as the power of collective giving, Dining for Women funds grassroots organizations that empower women and girls in developing countries and promote gender equity.

## WE BELIEVE THAT:

- All women have the right to equality, dignity and security and an opportunity to be self-sufficient.
- Ensuring gender equality is key to overcoming poverty and transforming families, cultures and future generations.
- Education creates awareness. Awareness develops into interest. Interest fuels action.
- Collaboration empowers giving and transforms the giver and the receiver.
- Acting with integrity and purpose is essential in all we do.

## MESSAGE FROM THE BOARD CHAIR

What a bold year we've experienced, and a year of firsts! Our collective donations for women and girls surpassed \$5 million, and it was the first time our monthly chapter donations surpassed \$1 million in a single calendar year. We set a record for our annual appeal (13th Month campaign), with 80 per cent of chapters participating. To each and every member, thank you for your generosity and compassion for the important work we do.

In August, we announced a collaborative 2020 Vision (see facing page) serving as a beacon for all we do. Amidst this far-reaching vision is resounding agreement that the essence of Dining for Women's culture and philanthropic model is foundational to our success. We will always support grassroots organizations in developing countries, offering opportunities for women and girls to control their own destinies. And, we will always nurture intimate, unique chapter gatherings where broadening our knowledge and learning about solutions inspires us to take action.

As a global giving circle, collaborative decision-making is central to achieving our mission. Member talent runs deep, and your shared knowledge and countless volunteer hours are valuable beyond measure. We are grateful to the regional leaders and their mentors, our chapter leaders and everyone who volunteers within their chapters. And, we celebrate the work of the Grant Selection Committee in finding innovative solutions funded through our featured and sustained grants. We especially appreciate the 7,901 unique donors who contributed to our work last year.

Our strength lies in our belief that unity is a powerful force for change. Leveraging our impact is the goal of our vision. Building strategic partnerships, deepening member engagement, raising our voice through grassroots advocacy, and making high-impact grants addressing systemic change will leverage impact. To this end, there is more work to be done. We look forward to doing it together.

On behalf of the Board of Directors, thank you for believing that we can change the world, one girl, one woman, and one dinner at a time.

Barb Collins  
Board Chair and Co-Founder

## OUR 2020 VISION

Dining for Women is ready and poised to move forward in a **BIG** and **BOLD** way in order to serve more women and girls! Over the next five years, we will:

### GROW OUR MEMBERSHIP IN A BIG WAY.

We will grow by expanding our grassroots, collective giving model of intimate, simple and fun chapters. Our goal is to have 20,000 members by 2020. We will recruit and retain an increasingly diverse membership and volunteer base.

### INVEST PROACTIVELY IN ORDER TO GROW OUR IMPACT.

In addition to funding our monthly featured grants, we will be proactive in identifying and funding new collaborations and partnerships that create broad, lasting change for women and girls.

### EDUCATE AND INSPIRE OUR MEMBERS TO USE THEIR COLLECTIVE VOICES FOR GRASSROOTS ADVOCACY.

Through collective, grassroots efforts, such as letter writing campaigns, petitions, phone calls and speaking opportunities, members will have the opportunity to influence American foreign policy and funding so that it benefits women and girls in the developing world. This will give our members another avenue for deeper education and engagement in the issues facing women and girls.

## MESSAGE FROM THE EXECUTIVE DIRECTOR

After 13 years of working towards equality on behalf of women and girls living in extreme poverty in the developing world, Dining for Women is recognized as an **INNOVATIVE NETWORK OF EDUCATED PHILANTHROPISTS**. We are one of the few organizations that can increase the value of even the smallest gifts by harnessing the power of many. At the same time, we foster strong connections and collaborations among our members and grantees that lead to long-lasting and impactful relationships.

In our Theory of Change (see page 7), we recognize the science and art of what we do. The relationships we foster are the “art”. By sharing meals, we are creating a community of like-minded people who rely on each other. Through education, we are developing global citizens who are informed about impoverished women and girls. Through engagement and travel, we are creating relationships that span borders and foster global conversations. Our grassroots advocacy will help **CHANGE THE WAY THE WORLD WORKS FOR WOMEN AND GIRLS**, and partnerships will allow us to join others in a global movement to promote gender equality.

If what we do is a science and an art, we know that science requires a repeatable process. We need structured techniques to get results, and that is why we codified our four programs in 2015. Moving forward, we are developing outcomes to report impact in our Grants Program, our Member Education and Engagement Program, our Advocacy Program and Partnerships Program. We now recognize that Dining for Women is a **MOVEMENT OF CHANGE AGENTS** on many levels, and we seek to measure our impact on women’s equality at every stage in our Theory of Change.

One month at Dining for Women is like using a magnifying glass to start a fire - in the hearts and minds of our members and our grantees.  
**THANK YOU FOR CONTINUING TO FAN THE FIRE.**

## THE NEED

*By Marsha Wallace, Dining for Women Co-Founder*

# POVERTY IS SEXIST.

Women are a majority of the world's extreme poor, a majority of the world's illiterate, and throughout the world, are disproportionately deprived of basic human rights: the ability to consent to marriage as adults, to receive an education and to live free from sexual and physical violence.

# 4 MILLION WOMEN DISAPPEAR EVERY YEAR AS A RESULT OF GENDER DISCRIMINATION.

Source: World Bank

One of the most pressing issues of our time is ending poverty in the world, and the key is putting women and girls at the center. When women and girls are educated and economically productive, they stabilize their families and communities. When communities are more stable, nations are more stable and when nations are economically more stable, the world is more peaceful. Studies demonstrate that countries that are most equitable for women are the least likely to be corrupt and less likely to become involved in violent conflicts. Truly, the fight for gender equality globally is the fight for world peace!

## WHEN GIRLS ARE EDUCATED THEY MARRY LATER, HAVE FEWER CHILDREN AND EARN UP TO 25% MORE IN FUTURE WAGES.

# OUR MODEL

Our educational giving circle model is simple. Chapters meet on a regular basis – most monthly – and share a meal together, usually at a member’s home. Members share camaraderie and learn about the projects

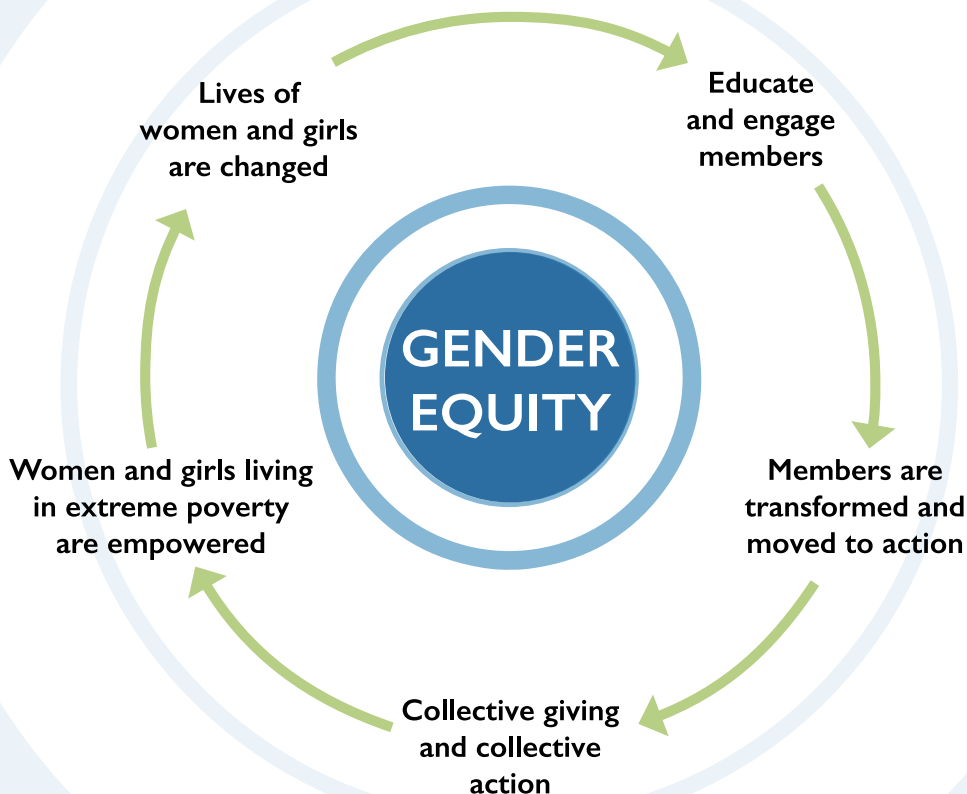

that we are supporting that month. Dining for Women provides comprehensive educational materials to members about our grantees and the challenges facing women and girls in the developing world. Our members make a donation based on what they would have spent dining out at a restaurant, and all member donations are combined to fund Dining for Women’s programs and to further its mission.

## THE AVERAGE DINING FOR WOMEN DONATION IN 2015:

# OUR THEORY OF CHANGE

Our Theory of Change is based on our values:  
collaboration, education, inspiration and transformation.

# MEMBER EDUCATION AND ENGAGEMENT PROGRAM

While we direct our collective giving toward international projects for women and girls, we recognize DFW's profound impact on our members. Education and engagement creates a tidal wave of awareness that we are all powerful agents of change. When we raise our voices together we generate ripples of change that never end. Dining for Women's simple but powerful approach to global transformation for women and girls is a movement – a movement aimed at changing the way the world works for women, one dinner at a time.

## EDUCATION

Each month, we provide comprehensive educational materials to members about our grantees and the challenges facing women and girls in the developing world. Our two monthly newsletters keep members apprised of gender equity and poverty issues as well as provide tips and best practices to help our chapters succeed.

## TRAVEL EXPERIENCES

Since our first trip to India in 2007, there have been 16 Dining for Women trips to 13 different countries. Our travel experiences provide members with the opportunity to visit the women and projects we have supported in the past in order to find out first-hand the impacts that our contributions have made. In 2015, there were two DFW trips: one to Myanmar (Burma) and the other to the Dominican Republic.

## VOLUNTEER LEADERSHIP

Our Member Education and Engagement Program also provides many volunteer leadership opportunities, and supports all the activities that create community and connection between our members and grantees.

“I have had a lot of struggles in my life and I had almost lost hope, but by joining my cooperative and participating in the Leadership Academy I have been able to share those struggles with my colleagues and open up more. I now know that

**I STILL HAVE A LOT TO LIVE FOR.”**

---

• *Alphonsine Uwimana, Indego Africa participant*

**“KNOWLEDGE  
IS POWER.**

I feel empowered; I know my rights; I share my thoughts; and my friends welcome my input. On the outside, I am still the same; but deep inside I feel different, I feel strong.”

---

• *Nevine Mohannad, Collateral Repair Project participant*

“I have been able to start and successfully run a new business, and I now employ someone that I pay myself.

**PLUS, I AM MUCH MORE  
CONFIDENT  
IN COMMUNICATING WITH OTHERS.”**

“Most of my life, I have had nothing. Now I have a little for myself and my children. My children do not go to bed hungry, and I can pay the secondary school fees for my oldest child.

**FOR THE FIRST TIME IN MY LIFE  
I AM OKAY.”**

*Alice Learoma . BOMA Project business owner*

## OUR VISION

We envision a world where the lives of women and girls have been transformed and extreme poverty has been reduced because Dining for Women connected people in creative, powerful ways that assure gender equality.

## OUR MISSION

Through collective giving circles, Dining for Women inspires, educates, and engages people to invest in grassroots programs that make a meaningful difference for women and girls living in extreme poverty in developing countries.

“Dining for Women has helped me to recover from my illness, and I feel like it affects

**THE WOMEN THAT WE HELP  
ALL OVER THE WORLD**

in a similar fashion. It doesn’t solve all their problems, but it gives them a hand up to help them start solving their problems, the way it did for me.”

*Megan Priester . Chapter Leader, NC, Hendersonville-I*
