- 1) In-Meeting Fun during Virtual Meetings
- 2) Community Building Between Meetings
- 3) Making Use of Zoom Features to Enhance Meetings

# Tips for Brainstorming

- Start by picking a note taker/presenter
- The goal: gather as many ideas as possible in 20 minutes
- Avoid judging each other's ideas or critiquing their feasibility
- Avoid getting too much in the weeds of how to implement an idea
- Feel free to build on each other's ideas
