

# TOGETHER WOMEN RISE

Collective action for global gender equality

## Our Why

Together Women Rise is a nonprofit organization dedicated to achieving global gender equality. We believe that every woman and girl deserves the opportunity to live freely, pursue her dreams, and reach her full potential.

## Our How

We are a powerful community of women and allies engaged in learning, giving, and community building. We have hundreds of local chapters across the U.S. Our members come together to learn about gender equality issues, give grants to organizations that empower women and girls in low-income countries, and build community and connections with each other and with women and allies around the world.

## Our Mission

Together Women Rise cultivates the collective power of community to achieve global gender equality.

## Our Vision

Together Women Rise envisions a world where every person has the same opportunities to thrive regardless of their gender or where they live.

# Our Gender Equality Beliefs

Together Women Rise champions gender equality because women's rights are human rights. When women and girls are treated equally, the world is healthier, safer, more peaceful, inclusive, and economically just for everyone.

Together Women Rise believes:

**Every woman and girl deserves to live freely** and pursue her dreams, free from all forms of discrimination, exploitation, and social exclusion.

**Gender-based violence and harmful practices**, such as child and forced marriage, female genital cutting (FGM/C), and human trafficking, harm women's health, safety, and quality of life. They must be eliminated world-wide.

**Women should have equal economic power**, political voice, and leadership representation across the world.

**Sexual and reproductive health is essential** to women and girls across their lifespans.

**When women and girls are better educated** and become leaders and decision-makers, they drive positive change in their families, communities, and countries.

**Gender equality and climate justice must go hand-in-hand** if we are to ensure we have a clean, healthy, and sustainable planet for future generations.

**Men and boys are essential partners** and allies in achieving global gender equality.
