2024 Featured Grantees

MARCH - JULY 2024

FOR MORE INFORMATION, VISIT TOGETHERWOMENRISE.ORG

IANGEL AFGHANISTAN

This project will help advance gender justice for Afghan women -- both inside the country and in exile -- by partnering with Afghan women's rights defenders and women lawyers and providing direct assistance and support to Afghan women who operate underground schools.

Dian Fossey Gorilla Fund RWANDA

The Girls in Conservation program tackles education inequalities in Rwanda, gives girls opportunities outside the classroom, and promotes careers in environmental conservation.

Fistula Foundation TANZANIA

This grant supports training of Community Health Volunteers and patient ambassadors, and radio advertising to spread awareness of fistula and fistula treatment options to enable the referral and treatment of women at two partner facilities in Tanzania.

One Heart Worldwide NEPAL

This project expands the simulation-based mentorship program for maternal and newborn health providers, which will result in a stronger and more equitable health system and improved outcomes for mothers and newborns.

Upaya Social Ventures INDIA

Our grant will support Upaya in helping entrepreneurs design sustainable jobs for women and increase their access to equal and just pay.

Kula Project RWANDA

With our grant, Kula Project will develop women entrepreneurs in Rwanda's coffee communities, increasing and diversifying the women's income and improving the gender equity and decision-making capacity within their homes and communities.

Limitless Horizons Ixil GUATEMALA

This grant will support Limitless Horizon's new secondary school, enabling Maya Ixil girls to continue their education, realize their full potential, and become champions for gender equality.

2024 Featured Grantees

AUGUST - DECEMBER 2024

FOR MORE INFORMATION, VISIT TOGETHERWOMENRISE.ORG

Flying Kites KENYA

This program will transform schools in rural Kenya by holistically investing in girls, providing professional development for teachers, and supporting healthy schools through meals, water, sanitation, and hygiene.

Impact Network International ZAMBIA

This grant helps to empower and uplift rural girls and young women in Zambia by addressing challenges such as limited agency in decisions regarding health, the scarcity of menstrual hygiene materials and knowledge, and lack of economic opportunities for rural African communities.

MindLeaps UGANDA

The Safe Bodies & Healthy Minds project will create a sexual and reproductive health program for girls, helping to prevent school dropouts due to pregnancy, improving the girls' socio-emotional health and self-confidence, and allowing them to achieve their full potential.

Moving the Goalposts Kilifi KENYA

By using football as the central tool, to positively impact the lives of girls and young women, this project will positively impact the lives of girls and young women by linking gender-based violence prevention, reproductive health, HIV/AIDS, and economic empowerment.

She's the First MULTIPLE COUNTRIES

She's the First teams up with grassroots, community-based organizations to provide feminist mentorship programs for vulnerable girls in the Global South. The organization works to ensure that girls everywhere are educated, respected, and heard.

No Means No South Africa SOUTH AFRICA

This grant will help end sexual violence against women and children by delivering an evidence-based sexual violence prevention program that teaches adolescents how to avoid and escape from sexual violence and to safely intervene when anticipating or witnessing violence.

Project Zawadi TANZANIA

This pilot program is a student-centered model that addresses gender-based violence in schools, families, and communities, and empowers girls to feel in control of their lives.

GAIA Vaccine Foundation MALI

Using the innovative "storytelling cloth", this grant funds a year-long, community outreach campaign to assist in the introduction of the HPV vaccine in Mali and improve knowledge about HPV/cervical cancer so that women and girls can make informed decisions about their health and wellbeing.
